Our climate is changing rapidly. We are seeing major shifts in technology and in the make-up of our population. We face risks from growing inequalities, long-running conflicts and new forms of violence. Managing these trends will require cooperation across borders, sectors and generations; So will do achieving our shared vision for a safer, fairer and more sustainable world.

To mark its 75th anniversary and beyond, the United Nations is launching a global conversation on the role of international cooperation in building the future we want. [If you did not take the 1-minute survey yet, Shape Your Future now.](#)

Entreps organises the 5th Global Entreps Awards in Seville (Spain) on 26th June 2020, exactly the day when 75th Anniversary years ago the foundational Charter of the United Nations was signed in San Francisco, in 1945. Congress called 5Gcitizens from 25th to 27th June 2020, where the voice of citizens of all kinds, from 126, will be heard. [Register now.](#)

PARTNERSHIPS FOR THE GOALS, CHAPTER 17

With this award we want to honor policies, projects, initiatives, institutions, start-ups and in very exceptional occasions, individuals, whose performance towards achieving the goals of this chapter should receive recognition.

A prime example of a project we find commendable regarding the seventeenth UN Sustainable Development Goal -Partnerships for the Goals- is the 2018 [High-Level Political Forum on Sustainable Development](#), a global gathering in which registered initiatives will form the basis of an in-depth analysis of the seventh Sustainable

Development Goal and published publicly¹. [If you know any project, initiative or policy deserving the Award on this particular category, reach them out to apply now.](#)

Therefore, Entreprs appreciates the active work of those who have a significant impact in the implementation of these targets, which include the Sustainable Development Goals, established in 2015 by the United Nations, as well as more objectives which contribute to a more sustainable world. This is why the role of the [Global Jurors](#) specialists able to highlight the projects that they believe deserve to be recognized, is crucial.

Being a Global Juror just takes an hour per year from you, giving you private access to an online platform to nominate and vote, plus preferential access to the Congress and Awards Gala.

IMPORTANCE OF REVITALIZING THE GLOBAL PARTNERSHIP FOR SUSTAINABLE DEVELOPMENT

According to the [United Nations](#), a successful sustainable development agenda requires partnerships between governments, the private sector and civil society. These inclusive partnerships built upon principles and values, a shared vision, and shared goals that place people and the planet at the centre, are needed at the global, regional, national and local level.

Urgent action is needed to mobilize, redirect and unlock the transformative power of trillions of dollars of private resources to deliver on sustainable development objectives. Long-term investments, including foreign direct investment, are needed in critical sectors, especially in developing countries. These include sustainable energy, infrastructure and transport, as well as information and communications technologies. The public sector will need to set a clear direction. Review and monitoring frameworks, regulations and incentive structures that enable such investments must be retooled to attract investments and reinforce sustainable development. National oversight mechanisms such as supreme audit institutions and oversight functions by legislatures should be strengthened. In order
