Our climate is changing rapidly. We are seeing major shifts in technology and in the make-up of our population. We face risks from growing inequalities, long-running conflicts and new forms of violence. Managing these trends will require cooperation across borders, sectors and generations; So will do achieving our shared vision for a safer, fairer and more sustainable world.

Entreps organises the 5th Global Entreps Awards in Seville (Spain) on 26th June 2020, exactly the day when 75th Anniversary years ago the foundational Charter of the United Nations was signed in San Francisco, in 1945. Congress called 5Gcitizens from 25th to 27th June 2020, where the voice of citizens of all kinds, from 126, will be heard. [Register now.](#)

ENTREPS AWARD: GENDER EQUALITY, CHAPTER 5

With this award we want to honor policies, projects, initiatives, institutions, start-ups and in very exceptional occasions, individuals, whose performance towards achieving the goals of this chapter should receive recognition.

A prime example of an organization we find commendable regarding the fifth UN Sustainable Development Goal -Gender Equality- is the [Malala Fund](#), which breaks down the barriers that prevent more than 130 million girls around the world from going to school, making sure that girls are not striped from their right to education by poverty, war

and discrimination¹. [If you know any project, initiative or policy deserving the Award on this particular category, reach them out to apply now.](#)

Therefore, Entreps appreciates the active work of those who have a significant impact in the implementation of these targets, which include the Sustainable Development Goals, established in 2015 by the United Nations, as well as more objectives which contribute to a more sustainable world. This is why the role of the [Global Jurors](#) specialists able to highlight the projects that they believe deserve to be recognized, is crucial.

Being a Global Juror just takes an hour per year from you, giving you private access to an online platform to nominate and vote, plus preferential access to the Congress and Awards Gala.

IMPORTANCE OF GENDER EQUALITY

According to the [United Nations](#), gender equality is not only a fundamental human right, but a necessary foundation for a peaceful, prosperous and sustainable world. Unfortunately, at the current time, 1 in 5 women and girls between the ages of 15-49 have reported experiencing physical or sexual violence by an intimate partner within a 12-month period and 49 countries currently have no laws protecting women from domestic violence. Progress is occurring regarding harmful practices such as child marriage and FGM (Female Genital Mutilation), which has declined by 30% in the past decade, but there is still much work to be done to completely eliminate such practices.

Providing women and girls with equal access to education, health care, decent work, and representation in political and economic decision-making processes will fuel sustainable economies and benefit societies and humanity at large. Implementing new legal frameworks regarding female equality in the workplace and the eradication of harmful practices targeted at women is crucial to ending the gender-based discrimination

prevalent in many countries around the world. In order to achieve this, six targets have been included in the 2015 Sustainable Development Goals agenda set in 2015².
